In the second session, Muharrem Yerer, director of Erciyes Anadolu Holding human resources office and Esra Gündüz, Erciyes Anadolu Holding manager of human resources office, replied questions of students'.

# University-Industry Cooperation Job And Internship Opportunities

Within the scope of University-Industry cooperation, were interviewed to the SİMFER, ERCİYES ANADOLU HOLDİNG, YATAŞ, ALMİLA companies regarding the employment of our students, long and short-term internship opportunities, and analyst student programs. Career Center visited various firms and companies and held meetings with company officials in order to increase job and internship opportunities and expand employment opportunities for AGU students and graduates. As a result of company interviews, information about the competencies, academic knowledge, equipment and performance of our graduates was obtained from company officials and this information was conveyed to the departments from which our students graduated. The “7+1 Long-term Internship Program” protocol was signed with HAVELSAN, YATAŞ, SİMFER, ERCİYES ANADOLU HOLDİNG companies.

# National Internship Program (Usp)

Under the coordination of the Presidential Human Resources Office (CBİKO), the ‘National Internship Program’ was carried out with the participation of voluntary employers from public institutions and private sector.

According to the statement made by CBİKO, the scope of the Internship Mobilization Program, which has been carried out since 2020 under the theme of “Senin İçin Seferbiriz”, has been expanded in parallel with Turkey’s employment policies in its 4th year and named as “National Internship Program”. Within the scope of the “National Internship Programme”, students have completed their applications until 30 January, 2023. As AGU, 409 students were registered to the internship platform, and the application and document control processes were completed.
